
Survey Closure

Salutation of your choice,

We recently closed the Great Place To Work survey. A big thank you to all of you for taking the time to complete the questionnaire!

Within the next few days, we will get access to the results and will discuss these with the Great Place To Work team. Based on the overall satisfaction percentage, we will or won't receive the Great Place To Work label for one year.

Regardless of the outcome, we will openly debrief on the results.

Stay tuned!

Survey results

Salutation of your choice,

First of all, we would like to thank you all for taking the time to complete the Great Place To Work questionnaire!

Unfortunately, we have to inform you that we did not obtain the Great Place To Work label this year. The survey results, reflecting an average score of XX%, underline both our strengths and the areas where we need to improve. To attain the label, we aim for an overall satisfaction score of 70%, and your insights are guiding us towards this goal.

Although we did not obtain the label this year, your insights and feedback give us the tools to move forward and build a Great Place To Work. We are therefore very grateful for your valuable feedback.

For a detailed overview of the survey results and future action steps, please refer to the attached document (Results sheet, see the communication toolkit). (We will also discuss the detailed results with you on Date. / Also, the Great Place To Work team will present the results to us on Date).

Every piece of feedback is significant to us, and we have already outlined key action points based on the overall feedback received. As we move forward, we will tailor more specific action plans for individual departments/teams/... This is an ongoing journey of improvement.

Further actions you want to take? (e.g. focus groups)

If there are any further questions or concerns, please do not hesitate to contact us.

Thanks again for your input and let's work together to ensure that we become a Great Place To Work.
